MARYLAND WEATHERIZATION ASSISTANCE PROGRAM

TO THE LANDLORD:

Your rental property is being considered to receive **FREE** services under the Weatherization Assistance Program (WAP). The WAP is funded by the United States Department of Energy (DOE) and administered in Maryland by the Department of Housing and Community Development (DHCD). The WAP operates under the rules and regulations to both USDOE and DHCD that have certain requirements of which you, as the Landlord, should be aware. By signing this form you are granting permission for the local Weatherization agency Diversified Housing Development and or its sub contractors to enter your property to perform an audit and weatherization work.

Before the work begins on your property, you will be required to sign an Owner Agreement, a copy of which is attached for your review and signature.

After weatherization services have been provided, the local agency is required to conduct a quality control inspection to ensure that work was completed in accordance to the standards set forth by the WAP.
